

Invisible Shield® & Invisible Shield PRO 15 GLASS COATINGS

Make Glass Corrosion, Scratch & "Microbial" Resistant

- Invisible Shield® / Invisible Shield PRO 15 is a clear, durable, and long-lasting glass coating that provides a protective barrier against corrosion, scratches, and microbial growth. It is suitable for use on a wide range of glass surfaces, including windows, mirrors, and display cases.
- Invisible Shield PRO 15 offers enhanced protection against environmental factors such as acid rain, salt deposits, and air pollution. It also provides a self-cleaning effect, making it easier to maintain and keep your glass surfaces looking clear and bright.
- Invisible Shield PRO 15 is a non-toxic and eco-friendly coating that does not contain any harmful chemicals. It is safe for use on glass surfaces in homes, businesses, and public spaces.
- Invisible Shield PRO 15 is a long-lasting coating that can last for several years without the need for reapplication. It is a cost-effective solution for protecting your glass surfaces and maintaining their appearance.
